

CHOICE COIN TERMS AND CONDITIONS

March 10, 2022

- i. These Terms and Conditions apply to all Choice Coin users, holders, and voters.
- ii. Choice Coin does not promote or facilitate any investments or investment contracts of any kind for any reason.
- iii. Choice Coin is not an investment, nor should it be used as such. It is the common understanding of the Choice Coin network that Choice is a utility token for voting and not an investment in any entity or enterprise.
- iv. Choice does not represent an interest in any equity, application, or asset and is solely designed to be a utility token and fully decentralized.
- v. Any Choice Coin user or voter should use the asset without any expectation of profit or financial gain. The purpose for the Choice asset is intended to be solely for voting.
- vi. Choice Coin is fully decentralized and no one actor has the power to substantially influence the price of Choice relative the rest of the network.
- vii. The Choice Coin DAO assumes no liability for any losses which may be suffered by Choice Coin users.
- viii. All Choice Coin users use Choice at their own risk.
- ix. Fortior Blockchain, LLLP is an entity independent of the Choice Coin DAO and does not engage in sale of Choice assets.
- x. Fortior Blockchain, LLLP does not promote or facilitate any investments or investment contracts of any kind for any reason.
- xi. Fortior Blockchain, LLLP reserves no liability for any losses suffered by Choice Coin users.
- xii. Choice Coin users use the Choice asset and Choice Coin technology at their own risk.
- xiii. Choice Coin users understand the intended method by which users earn Choice is through participation and their own efforts.
- xiv. The Choice Coin DAO does not sell any equity interests or assets, including Choice.
- xv. All Choice Coin users acknowledge Choice is a highly volatile asset and assume the risks associated with owning such assets.
- xvi. All Choice Coin users agree to hold harmless the Choice Coin DAO and Fortior Blockchain, LLLP for any losses suffered using the Choice asset.
- xvii. All Choice Coin users bear the entire risk of using Choice and Choice Coin for any purpose including its intended use as a governance token.
- xviii. Choice Coin has a vetted and verified use for voting and is the largest open source project on Algorand.
- xix. The utility for Choice Coin is to act as a utility token for DAOs on the Algorand blockchain.
